

10 toy storage ideas that survive a birthday party

Put fewer toys out, rotate the rest from labelled totes, give each category one home a child can reach, and keep small parts away from the toddler.

- ☐ **Purge before birthdays and holidays**
- ☐ **Check older toys against the CPSC recall list**
- ☐ **Pack most toys into three or four rotation totes**
- ☐ **Number the totes and date each lid**
- ☐ **Sort by play type, one bin per category**
- ☐ **Use open bins low and lidded totes high**
- ☐ **Label bins with a picture and a word**
- ☐ **Keep small parts and coin-battery toys above toddler height**
- ☐ **Put a migration basket on each floor**
- ☐ **Bag sets with their instructions and photograph them**
- ☐ **Give each child one fixed-size keepsake box**
